Medicaid Assisted Living Waiver Accepted

Individuals who meet certain **financial eligibility** and **care needs** may qualify for Ohio's Medicaid Assisted Living Waiver Program.

Financial eligibility for Medicaid is through your county's Job and Family Services.

Care needs (such as medication management, assistance with daily life activities, meal preparation, etc.) are assessed by the local Area Office on Aging as part of the approval process of the Assisted Living Waiver program.

Through this Assisted Living Waiver Program, an individual's cost to be a resident of an Assisted Living facility is determined by the county's Job and Family Services (JFS) and the local Area Office on Aging (AOA). For information on your specific situation, please contact your county's JFS case worker and the local AOA social worker.

Please note that, if applicable, government assistance can be transferred from the individual's current county to the county of the Assisted Living facility, once that person becomes a resident of the AL facility.
